**Notes:**  
 1. Data Source: U.S. Census Bureau Trade Data  
 2. All zeroes for a data item may show that statistics exist in the other import type. Consumption or General.  
 3. Organics-Selected: The organic product group only includes selected codes.  
 4. Total Organics-Selected: This total represents the sum of all available organic codes in a given year. When comparing this statistic between years, note that the total can be affected by codes that have been added or subtracted.  
 5. Organics-Selected: Beginning on January 1, 2011, selected U.S. import and export organic trade codes have been established. Data for previous years is not available.  
 6. (\*) denotes a country that is a summarization of its component countries.  
 7. Product Group : Organics-Selected
